

**It's a funny thing, but....**

I've seen a buzzing bee yellow and black,  
And a cow who was brown and white,  
I've seen a red spotted ladybird,  
And a grey owl in the dark mid night.

I've seen a mouse with a little pink nose,  
And a fish that looked like gold,  
I've seen a picture of a stripy tiger,  
And an elephant grey and old.

I've seen a giraffe with big brown patches,  
And a blue parrot in the zoo,  
But I've never seen a purple pussycat,  
Or a bright pink kangaroo,

No - I've never seen a purple pussycat,  
Or a bright pink kangaroo!
